

FAIRFIELD GLADE

Four golf courses.
11 lakes. 12,000 acres.
And that's just for starters!

Our giant playground, located between Nashville and Knoxville, gives you more ways to have fun than two or three regular resorts *combined*.

Start with one 27-hole and three 18-hole championship golf courses. Among them, Stonehenge, named by *Golf Digest* as the Best New Resort Course in America in 1985 and still on their list as America's #14 Best Resort Course in 1992.

If you'd rather cast than putt, bring your fishing gear to one of our eleven lakes—or rent everything you need from our marinas.

Tennis? Of course. Indoors. Outdoors. Day or night. Plus pro shops and lessons from some of the best.

Shopping at our own Village Green Mall is one of your most popular indoor sports. Then there's indoor and outdoor swimming. A gymnasium and exercise equipment, video arcade, biking, craft classes. . . and lots of great dining, from gourmet to very casual.

But some of your most delightful moments may be found just quietly walking, hiking, jogging, or horseback riding through our spectacular Cumberland Plateau scenery. Whenever you come, you'll find the weather moderate and the views memorable.

Vacation time is precious. Make the very most of it at Fairfield Glade.
